DEPARTMENT INFORMATION
The Financial Planning and Wealth Management major is a registered program of the CFP® Board. Completion of the Financial Planning and Wealth Management major satisfies the education requirement to take the CFP® examination without any additional coursework. Virginia Tech does not certify individuals to use the CFP® and Certified Financial Planner™. CFP® certification is granted solely by the Certified Financial Planner Board of Standards, Inc. to individuals who, in addition to completing an educational requirement such as this CFP Board-Registered Program, have met ethics, experience, and examination requirements. See http://www.CFPBoard.org
Three attempt rule: In accordance with university policy, students are not allowed to take the same course more than three times. Please note that the Department of Finance will enforce this policy unless a special exception has been granted. If you are dropped from a course after you have taken it three times, please consult with your Pamplin academic advisor so that they can advise you of the next steps.

¹ Policy 91: Pamplin students in a business degree program must complete eight business courses (ACIS 1504, MATH 1524, ACIS 2115-2116, BIT 2405-2406, and ECON 2005-2006) with a grade of C- or higher by 72 attempted credit hours (or 90 attempted credit hours for students with more than 18 transfer credits). Students who have not met the requirements will be notified upon reaching 72 (or 90) credit hours that they must complete the missing course(s) in the next term(s) of enrollment. Failure to do so may result in the student's dismissal from the business degree program. This policy is strictly enforced.

² Graduation requirement: Students must achieve a grade of C- or higher in select business courses (ACIS 1504, MATH 1524, ACIS 2115-2116, BIT 2405-2406, ECON 2005-2006, MGT 1104, MGT or HTM 2314, MGT 3404, MKTG 3104, FIN 3104, FIN 3124, FIN 3054 or FIN 3074, BIT 3414, ACIS 4344 and MGT 4394).
